cabin cruise through Seychelles on board of 78 ft. catamaran type Mojito 78 "Le Gauguin"

8 days / 7 nights

Full board

Start day: saturday

Mahé - St. Anne - Praslin - La Digue Coco - Curieuse - Praslin - Cousin - Mahé

Your boat:

You will sail on board of a gorgeous catamaran, whose length (78 ft.) provides you comfort and stability. (The pictures shown here may be only examples.)

[Please click here for a 360° walkthrough on the cabin cruise catamaran Mojito 78 "Le Gauguin" in full screen](#)

Everything is prepared to greet a maximum of 24 guests on board (+ Crew, which is made up of 4 persons). The cook will take care of preparing and clearing the table before and after meals. There is a technician / deckhand. There is a hostess on board she is your contact person for any questions about the life on board. Please mind that cabins and bathroom are not cleaned by the crew during your cruise.

Provisions:

The meals will be held together, prominently in the cockpit. Drinks on board (included in charge): during the whole day table water, coffee, tea. Additionally during meals: table wine, local aperitifs (punch, rum, fruit juice), sodas. You can buy additional drinks on board. You may at any time victual yourself further to your liking. We also do not mind, if you bring additional, beer or other alcoholic drinks on board. The menu can vary depending on the choice of the local markets as well as the results of the fishing.

Your Yacht and Crew:

There is no classification for sailing catamarans, as you know it from hotel bookings. However, there are means of categorizing which are comparable to the "hotel-stars".

The sailing turns will be held on yachts with 4 "dolphins". Those "dolphins" have been established by us. The categories reach from 1 (=lowest category) up to 5 (=highest category). The catamarans possess the accurate safety equipment, according to the laws of the particular countries (Tracking system, life raft, life vests, etc).

Each guest cabin possesses an "ensuite" bathroom (shower/lavatory). Your active participation in board life is appreciated. Please remember that this is a sailing trip on a catamaran, not on a cruise ship with a large

crew. Life on board is interactive.

Your catamaran has a saloon (“living room”) with the kitchen integrated, as well as a cockpit which is protected from wind and strong sun. Most of the interactive life on board will take place here.

The captain is very experienced, and knows the local area and the boat extremely well. He will point out places of interest, bring you closer to the country and its inhabitants, and will show you the most beautiful bathing and snorkel areas in the whole of the Seychelles. You will swim and snorkel in turquoise blue water, or relax on white beaches while the cook may be already preparing some fish or steaks.

The cabin:

This yacht has 12 guest cabins with lavatory/showers with a basin. Please note that water on board is not unendingly, therefore it has to be handled with care. However the store is large enough to ensure two showers per day for every guest. In any case your captain will remind you to be diligent with the freshwater on board.

The luggage:

The yachts are comfortable, yet the space in the cabins is limited. Therefore we would like to advise you to leave your hard suitcase at home and to use a carpetbag instead, for they are way easier to stash. If you would like to use a hard suitcase anyway, we will allot you a place where it can be kept.

Children:

Children over the age of 12 years may take part in cabin cruises. One child will share a cabin with one adult.

Hints and references:

The first evening is dedicated to getting to know other guests and to settle in. Keep in mind, that the guests arrive on different flights and therefore attain the boat at various times. However we cannot be held responsible if the passenger arrives late due to delayed/cancelled flights.

Worth knowing about the cabin cruise:

It is necessary to get a valid passport to clear inward in the different islands. (People with non-EU citizenship please contact us). You will have to pay the "on board cash" prior to embarkation. Following costs are balanced with the "on board cash": entrance fees for marina parks and isles, port and customs charges, water, etc. Please refer to the current pricelist to know the amount of the "on board cash".

Even if your skin is used to the sun: note that on a boat the sun rays are more intense than on land. You will always have a nice breeze on when you are on the boat therefore the strong sun is often felt too late. Thus,

it is even more important to be prepared, for it is very easy to get sunburnt or even get a sunstroke, if you do not shield yourself from the sun. A sun hat which does not fall with the first gust of wind is very important. Do not forget your sunglasses either, which are best to be fixed with a string around your throat. A sweatshirt too is advisable, or a shirt with long sleeves combined with long trousers. For the first few days, sun cream with a high sun protection factor should be used.

If you take in medicine: remember to take enough of it, with you from home. On the islands it would be rather difficult to find pharmaceutical which is comparable. There are no laws that enforce you to take any vaccines for the islands you are going to visit.

Seasickness: catamarans sail in a very stable way and are generally straight. Your captain too will try his best to only pass through calm waters. However it is in the nature of sailing, that waves do occur. If you are likely to get seasick, you can discuss with your pharmacist which medicines are the best to take with you in this case.

Water on board is not infinite. The water however, is enough for every member to take two quick showers per day. In any case your captain will remind you to be diligent with the freshwater on board.

Sailing maneuvers and life on board:

To attend one of our cabin cruises, no knowledge about sailing and the handling of a boat are expected. People which are not sportive too can take part and get to know the beautiful islands in this way. The captain who as a matter of course is a skilled steerman is capable of handling the yacht completely on his own. However you have the chance to learn something about sailing, even though it is not a trip organized for this cause.

Depending on the meteorological rates during your cabin cruise, you will drive a section under engines. That means that the anchoring place will be reached by the engines and that the sails cannot be hoisted.

Mobile and Wifi on board:

Usually there is reception during the cruise, however this may not always be the case. You should contact your mobile provider prior to departure to inform yourself whether your sim-card is unlocked for the region and about any roaming charges that may apply as there is no Wifi / Internet available on board. You can also purchase a Wifi- or Simcard on spot.

You can charge your mobile, photo camera, etc. in the receptacle USB / 220v Plug in the saloon (Navigation).

Safety regulation:

It is strictly forbidden to carry weapons or drugs on board.

Please note that the yacht crosses various borders and that therefore the coastguard searches yachts in the fight against drugs, every now and again. The captain has the right at any time, to dismiss people from the boat who do not respect the instructions of visiting countries, carry weapons or drugs, disturb the life on board in any way, or put the crew, the guests or the yacht under any kind of danger. The captain in such a case is obliged to inform the appropriate public authorities. In such a case, or if the guest wishes to leave the boat, nothing of the traveling expenses will be refunded.

Depending on the weather, it may happen that part of the distance has to be covered by the engine.

Private cruises , group bookings and incentive sailing cruises:

You may use the same offer for a private journey, including friends and family only, or for your **groupe** or incentive charter. In this case, no other guests will be attending. For more information and a personal quote of such a group sailing charter please contact your tour operator.

We would also like you to know, that pictures in the catalogue or on the homepage, do not necessarily show the boat which you have booked your sailing cruise on. Most of the pictures serve as an examples.

COURSE OF ACTION

Day 1: Mahé – Sainte Anne Marine Park

Check-in at 3 pm. Welcome on Board. After the briefing and moving into your cabin your catamaran will move off and take you to St, Anne Marine Park, after a short drive. Over 150 types of fish and a fascinating underwater-world are waiting for you in this hideaway which is under protection. No noisy watersports are disturbing the idyll - you may have the opportunity to discover the enchanting nature aquarium per snorkel and flippers under the turquoise water surface. Anchoring in Paradise.

Day 2: St Anne – Praslin

In the morning the journey continues towards Praslin, the second largest island of the Seychelles. You have the chance to visit Vallée de Mai. The largest part of this forest is made up of palm trees of the saychelles which are endemic and exist only there. You will rarely get the occasion to discover such an imposing and almost mystical Place. The Coco de Mer carries fruits that weigh up to 48 kg, get up to 30 meter high and can reach an age of 400 years. The sound of the palm trees swaying in the wind is unforgettable. Anse Lazio, todays intermediate goal lies in the north of Praslin and was elected by selveral magazines as one of the most beautiful beaches in the world.

Day 3: Praslin - La Digue

In the early morning the anchor will be hoistet to hit La Digue after a short distance. La Digue is an island which seems to have emerged from a picture book with its introspective beaches, the fine white sand, and huge granite rocks. Discover the isle by bicycle or carriage.

La Digue can almost be described as a car-free zone. Visit the antique "House of Emmanuelle" on which the correspondent movie was filmed, the coconut factory and the huge tortoises on the picturesque beach of "Source d'Argent". Make sure that you do not miss the often photographed "yellow house" during your stay in La Passe, which is said to be one of the most attractive buildings in the archipelago.

You will be amazed by the breathtaking sight of Anse Source d'Argent in the evening, around one hour prior dawn, when the light gives the captivating scenery a magical illumination.

Day 4: Coco, Curieuse

You will sail to the island Coco, a "must" especially for enthusiastic snorkelers. Coco, is the perfect little pirate island with bouffant rocks of granite, a small beach, palm trees and cristal clear water with immense coloured shoals. Next is Curieuse, named after the schooner of the French East Indies company which had been sent to Mauritius in 1768. The island lies around 2 km in the nort of Praslin. A short briefing about the "traffic rules" follows because one has to learn that riding on the back of the huge tortoises is not allowed, as well as other information which as a fair guest one will be knowing already. In the southwest one can find the doctors house which originates from the time in which Curieuse was still working as a leprosy colony. It now entails a small museum. On the island one can observe free running huge tortoises. The beach in the southeast and the bizzarre arris granite rocks are worth a side trip.

Day 5: Curieuse – Saint Pierre

St. Pierre is a small rock island before the coast of Praslin. Ideal for baths and even better for snorkling. Many tame and colourful shoals are cavorting around the granite rocks. Anchoring during the night in front of Praslin.

Day 6: Saint Pierre – Cousin – Mahé

The almost circular island Cousin is around 29 ha big and a shelter for many endangered birds. The island was bought by a council for bird conservation in 1968 and with the help of World Wide Fund for Nature (WWF) became the beautiful nature reserve it is now. Observe countless brooding birds in the trees closely. Visit this bird paradise in which you can find five kinds of birds which are only present in the Seychelles.

Afterwards you sail back to Mahé. Your Yacht will be lieing on anchor in Beau Vallon. On this admirable beach many kinds of water sports are offered.

Day 7: Mahé

In the morning one of the most beautiful bays on Mahé is visited. However you can also stop by the small capital Victoria instead. In the evening you will sail to St. Anne or Eden Island, where the dinner will mark the end of the cruise. Overnight stay in St. Anne or in the Base at Eden Island.

Day 8: Check-out

In the early morning we unfortunately have to say good bye after the check-out at 8 am. Transfer to the airport or hotel.

(change of the route due to weather conditions, governmental restrictions etc. under reserve)
